PTFE Vial-Cap Liners

N07 | Features and requirements to define

1 Contact faces of mating assembly

Identify which faces contact the sample or closure.

2 Outside diameter to specify

Choose the disc diameter from the mating contact.

3 Disc thickness to specify

Agree thickness and allowable compression separately.

REFERENCE VALUES

The illustration identifies features; dimensions and mating details remain project requirements.

Specify them on the drawing used for quotation and acceptance.

Illustrative design example; not an actual customer requirement.

Not to scale. Product-reference rendering with annotations; use the agreed drawing for dimensional acceptance.
